

network for energy supply and energy efficiency

## INTERNATIONAL NETWORK "NESEFF – NETWORK FOR ENERGY SUPPLY AND ENERGY EFFICIENCY"

### **PERIOD**

Neseff was founded on September 21-27, 2015

### **COORDINATOR:**

Brandenburg University of Technology  
Cottbus - Senftenberg (BTU), Germany-  
Faculty of Mechanical Engineering,  
Electrical Engineering and Business  
Engineering  
Chairman of the Neseff network is Prof.  
Dr. habil. Sylvio Simon from the  
Brandenburg University of Technology  
(BTU) Cottbus-Senftenberg.

### **CORE PARTNERS:**

- State Higher Educational Institution  
"National Mining University" (Dnepr,  
Ukraine) - Institute of Economics
- Azerbaijan Technical University  
(Baku, Azerbaijan)
- National Research University – MPEI  
(Moscow, Russia)

### **ASSOCIATED PARTNERS:**

- Wrocław University of Technology  
(Wrocław, Poland)
- Technical University of Liberec  
(Liberec, Czech Republic)

### **NESEFF GOALS:**

- to increase general attention of the  
scientific community towards issues of  
energy supply and energy efficiency
- the formation of knowledge about  
tools for improving energy efficiency in  
the construction and industrial sectors
- to promote the objectives of the  
higher education for supporting energy  
efficiency at all levels of economic activity

## JOINT PROJECT ON INTERNATIONAL NETWORK OF UNIVERSITIES FOR ENERGY SUPPLY AND ENERGY EFFICIENCY

### **PROJECT OBJECTIVES:**

- regular scientific exchange and  
professional development of employees
- informing and consultation of government  
bodies, establishments, associations, etc. in the  
field of power engineering
- support of continuous education of students in  
this field

Bundesministerium  
für Bildung  
und Forschung
